Timberline: 937008  
JT: 290  
Princeton Job #: 19-05-008

Jeff Jones, Lydia Saad  
May 1-12, 2019

---

**Results are based on telephone interviews conducted May 1-12, 2019 with a random sample of –1,009—adults, ages 18+, living in all 50 U.S. states and the District of Columbia. For results based on this sample of national adults, the margin of sampling error is  $\pm 4$  percentage points at the 95% confidence level.**

**For results based on the sample of –509—national adults in Form A, the margin of sampling error is  $\pm 5$  percentage points.**

**For results based on the sample of –500—national adults in Form B, the margins of sampling error is  $\pm 5$  percentage points.**

**Interviews are conducted with respondents on landline telephones and cellular phones, with interviews conducted in Spanish for respondents who are primarily Spanish-speaking. Each sample of national adults includes a minimum quota of 70% cell phone respondents and 30% landline respondents, with additional minimum quotas by time zone within region. Landline and cell phone telephone numbers are selected using random digit dial methods. Gallup obtained sample for this study from Dynata. Landline respondents are chosen at random within each household on the basis of which member has the next birthday.**

**Samples are weighted to correct for unequal selection probability, non-response, and double coverage of landline and cell users in the two sampling frames. They are also weighted to match the national demographics of gender, age, race, Hispanic ethnicity, education, region, population density, and phone status (cell phone-only/landline only/both and cell phone mostly). Demographic weighting targets are based on the March 2018 Current Population Survey figures for the aged 18 and older U.S. population. Phone status targets are based on the January-June 2018 National Health Interview Survey. Population density targets are based on the 2010 census. All reported margins of sampling error include the computed design effects for weighting.**

**In addition to sampling error, question wording and practical difficulties in conducting surveys can introduce error or bias into the findings of public opinion polls. For questions about how this survey was conducted, please contact [galluphelp@gallup.com](mailto:galluphelp@gallup.com).**

---

18. Next, I'm going to read you a list of issues. Regardless of whether or not you think it should be legal, for each one, please tell me whether you personally believe that in general it is morally acceptable or morally wrong. How about -- [RANDOM ORDER]?

<i>2019 May 1-12</i> <i>(sorted by "morally acceptable")</i>	Morally acceptable	Morally wrong
Birth control	92	6
Drinking alcohol	79	19
Divorce	77	20
Sex between an unmarried man and woman	71	28
Gambling	68	31
Smoking marijuana	65	33
Medical research using stem cells obtained from human embryos	64	31
Having a baby outside of marriage	64	34
Gay or lesbian relations	63	35
The death penalty	60	35
Buying and wearing clothing made of animal fur	53	45
Doctor assisted suicide	52	44
Medical testing on animals	51	44
Abortion	42	50
Sex between teenagers	38	58
Pornography	37	61
Cloning animals	31	66
Polygamy, when a married person has more than one spouse at the same time	18	80
Suicide	17	79
Cloning humans	12	85
Married men and women having an affair	9	89
