DECEMBER WAVE 1

-- FINAL TOPLINE --

Timberline: 937614
T: 417
Princeton Job #: 20-12-020

December 1-17, 2020

Results are based on telephone interviews conducted December 1-17, 2020 with a random sample of **–1,018–** adults, ages 18+, living in all 50 U.S. states and the District of Columbia. For results based on this sample of national adults, the margin of sampling error is ± 4 percentage points at the 95% confidence level.

Interviews are conducted with respondents on landline telephones and cellular phones, with interviews conducted in Spanish for respondents who are primarily Spanish-speaking. Each sample of national adults includes a minimum quota of 70% cell phone respondents and 30% landline respondents, with additional minimum quotas by time zone within region. Landline and cell phone telephone numbers are selected using random digit dial methods. Gallup obtained sample for this study from Dynata. Landline respondents are chosen at random within each household on the basis of which member has the next birthday.

Samples are weighted to correct for unequal selection probability, non-response, and double coverage of landline and cell users in the two sampling frames. They are also weighted to match the national demographics of gender, age, race, Hispanic ethnicity, education, region, population density, and phone status (cell phone-only/landline only/both and cell phone mostly). Demographic weighting targets are based on the March 2019 Current Population Survey figures for the aged 18 and older U.S. population. Phone status targets are based on the July-December 2019 National Health Interview Survey. Population density targets are based on the 2010 census. All reported margins of sampling error include the computed design effects for weighting.

In addition to sampling error, question wording and practical difficulties in conducting surveys can introduce error or bias into the findings of public opinion polls. For questions about how this survey was conducted, please contact galluphelp@gallup.com.

11. Regardless of which presidential candidate you preferred, do you think the Biden administration will or will not be able to do each of the following? How about – [RANDOM ORDER]?

EACH ITEM BASED ON APPROXIMATELY 600 RESPONDENTS

<i>2020 Dec 1-17</i> <i>(sorted by "Yes, will")</i>	Yes, will	No, will not	No opinion
Improve the quality of the environment	64	36	*
Improve education	63	36	*
Improve conditions for minorities and the poor	60	39	1
