GALLUP POLL SOCIAL SERIES: ENVIRONMENT

-- FINAL TOPLINE --

Timberline: 937614
T: 480
Princeton Job #: 22-03-003

March 1-18, 2022

Results are based on telephone interviews conducted March 1-18, 2022, with a random sample of **–1,017–** adults, ages 18+, living in all 50 U.S. states and the District of Columbia. For results based on this sample of national adults, the margin of sampling error is ± 4 percentage points at the 95% confidence level.

Interviews are conducted with respondents on landline telephones and cellular phones, with interviews conducted in Spanish for respondents who are primarily Spanish-speaking. Each sample of national adults includes a minimum quota of 75% cell phone respondents and 25% landline respondents, with additional minimum quotas by time zone within region. Landline and cell phone telephone numbers are selected using random digit dial methods. Gallup obtained sample for this study from Dynata. Landline respondents are chosen at random within each household on the basis of which member has the next birthday.

Samples are weighted to correct for unequal selection probability, non-response, and double coverage of landline and cell users in the two sampling frames. They are also weighted to match the national demographics of gender, age, race, Hispanic ethnicity, education, region, population density, and phone status (cell phone-only/landline only/both and cell phone mostly). Demographic weighting targets are based on the March 2021 Current Population Survey figures for the aged 18 and older U.S. population. Phone status targets are based on the July-December 2020 National Health Interview Survey. Population density targets are based on the 2020 census. All reported margins of sampling error include the computed design effects for weighting.

In addition to sampling error, question wording and practical difficulties in conducting surveys can introduce error or bias into the findings of public opinion polls. For questions about how this survey was conducted, please contact galluphelp@gallup.com.

7. Next, I'm going to read a list of problems facing the country. For each one, please tell me if you personally worry about this problem a great deal, a fair amount, only a little, or not at all? First, how much do you personally worry about -- [RANDOM ORDER]?

EACH ITEM ASKED OF APPROXIMATELY 700 RESPONDENTS; ±5 PCT PTS

C. The quality of the environment

	<u>Great deal</u>	<u>Fair amount</u>	<u>Only a little</u>	<u>Not at all</u>	<u>No opinion</u>
2022 Mar 1-18	44	27	18	10	*

2002 Mar 4-7	40	54	4	2
2001 Mar 5-7	36	57	5	2

Turning to something else,

14. I'm going to read you a list of environmental problems. As I read each one, please tell me if you personally worry about this problem a great deal, a fair amount, only a little, or not at all. First, how much do you personally worry about -- [RANDOM ORDER]?

<i>2022 Mar 1-18</i> <i>(sorted by "a great deal")</i>	Great deal	Fair amount	Only a little/ Not at all
Pollution of drinking water	57	26	17
Pollution of rivers, lakes, and reservoirs	54	29	17
The loss of tropical rain forests	46	27	27
Air pollution	45	30	25
Extinction of plant and animal species	45	25	30
Global warming or Climate change	43	22	35

Q.14 (ENVIRONMENTAL WORRIES) CONTINUED
