Princeton Job #: 22-04-004

April 1-19, 2022

---

**Results are based on telephone interviews conducted April 1-19, 2022, with a random sample of –1,018—adults, ages 18+, living in all 50 U.S. states and the District of Columbia. For results based on this sample of national adults, the margin of sampling error is  $\pm 4$  percentage points at the 95% confidence level.**

**Interviews are conducted with respondents on landline telephones and cellular phones, with interviews conducted in Spanish for respondents who are primarily Spanish-speaking. Each sample of national adults includes a minimum quota of 75% cell phone respondents and 25% landline respondents, with additional minimum quotas by time zone within region. Landline and cell phone telephone numbers are selected using random digit dial methods. Gallup obtained sample for this study from Dynata. Landline respondents are chosen at random within each household on the basis of which member has the next birthday.**

**Samples are weighted to correct for unequal selection probability, non-response, and double coverage of landline and cell users in the two sampling frames. They are also weighted to match the national demographics of gender, age, race, Hispanic ethnicity, education, region, population density, and phone status (cell phone-only/landline only/both and cell phone mostly). Demographic weighting targets are based on the March 2021 Current Population Survey figures for the aged 18 and older U.S. population. Phone status targets are based on the July-December 2020 National Health Interview Survey. Population density targets are based on the 2020 census. All reported margins of sampling error include the computed design effects for weighting.**

**In addition to sampling error, question wording and practical difficulties in conducting surveys can introduce error or bias into the findings of public opinion polls. For questions about how this survey was conducted, please contact [galluphelp@gallup.com](mailto:galluphelp@gallup.com).**

---

16. Next, please tell me how concerned you are right now about each of the following financial matters, based on your current financial situation -- are you very worried, moderately worried, not too worried, or not worried at all. If a particular item does not apply to you, please say so. First, how worried are you about-- [ITEMS A-G ROTATED, ITEM H READ LAST]?

<i>2022 Apr 1-19</i> <i>(sorted by "total worried")</i>	Very worried	Mod-erately worried	Total Worried	Total Not worried
Not having enough money for retirement	31	32	63	36
Not being able to pay medical costs of a serious illness/accident	32	24	56	43
Not being able to maintain the standard of living you enjoy	18	34	52	48
Not being able to pay medical costs for normal health care	20	23	43	55
Not having enough to pay your normal monthly bills	14	26	40	59
Not having enough money to pay for your children's college	22	14	36	28
Not being able to pay your rent, mortgage or other housing costs	16	19	35	61
Not being able to make the minimum payments on your credit cards	11	11	22	67
