Princeton Job #: 23-03-003

March 1-23, 2023

Results are based on telephone interviews conducted March 1-23, 2023, with a random sample of –1,009— adults, ages 18+, living in all 50 U.S. states and the District of Columbia. For results based on this sample of national adults, the margin of sampling error is ± 4 percentage points at the 95% confidence level.

For results based on the sample of –509—national adults in Form A and the sample of –500— national adults in Form B, the margin of sampling error is ± 5 percentage points.

Interviews are conducted with respondents on landline telephones and cellular phones, with interviews conducted in Spanish for respondents who are primarily Spanish-speaking. Each sample of national adults includes a minimum quota of 75% cell phone respondents and 25% landline respondents, with additional minimum quotas by time zone within region. Landline and cell phone telephone numbers are selected using random digit dial methods. Gallup obtained sample for this study from Dynata. Landline respondents are chosen at random within each household on the basis of which member has the next birthday.

Samples are weighted to correct for unequal selection probability, non-response, and double coverage of landline and cell users in the two sampling frames. They are also weighted to match the national demographics of gender, age, race, Hispanic ethnicity, education, region, population density, and phone status (cell phone-only/landline only/both and cell phone mostly). Demographic weighting targets are based on the most recent Current Population Survey figures for the aged 18 and older U.S. population. Phone status targets are based on the most recent National Health Interview Survey. Population density targets are based on the 2020 census. All reported margins of sampling error include the computed design effects for weighting.

In addition to sampling error, question wording and practical difficulties in conducting surveys can introduce error or bias into the findings of public opinion polls. For questions about how this survey was conducted, please contact galluphelp@gallup.com.

8. Next, I'm going to read a list of problems facing the country. For each one, please tell me if you personally worry about this problem a great deal, a fair amount, only a little, or not at all? First, how much do you personally worry about -- [RANDOM ORDER]?

EACH ITEM ASKED OF APPROXIMATELY 700 RESPONDENTS; ±4 PCT PTS

<i>2023 Mar 1-23</i> <i>(sorted by "a great deal")</i>	Great deal	Fair amount	Only a little/ not at all
Inflation	61	27	12
The economy	60	28	11
Crime and violence	54	29	17
The availability and affordability of health care	54	29	18
Federal spending and the budget deficit	52	26	22
Hunger and homelessness	50	30	20
Drug use	46	24	29
The Social Security system	45	29	26
The availability of guns	44	17	38
The availability and affordability of energy	41	32	27
Illegal immigration	41	19	39
The quality of the environment	39	34	27
Race relations	38	27	35
The possibility of future terrorist attacks in the U.S.	36	25	38
Unemployment	32	34	34
