**GALLUP POLL SOCIAL SERIES:
VALUES AND BELIEFS**

-- FINAL TOPLINE --

Timberline: 937614
GAL 011
Princeton Job #: 24-05-005

May 1-23, 2024

Results are based on telephone interviews conducted May 1-23, 2024, with a random sample of –1,024—adults, ages 18+, living in all 50 U.S. states and the District of Columbia. For results based on this sample of national adults, the margin of sampling error is ± 4 percentage points at the 95% confidence level.

For results based on the sample of –512—national adults in Form A and the sample of –512- national adults in Form B, the margin of sampling error is ± 6 percentage points.

For results based on the sample of –929—registered voters, the margin of sampling error is ± 4 percentage points.

Interviews are conducted with respondents on landline telephones and cellular phones, with interviews conducted in Spanish for respondents who are primarily Spanish-speaking. Each sample of national adults includes a minimum quota of 80% cell phone respondents and 20% landline respondents, with additional minimum quotas by time zone within region. Landline and cell phone telephone numbers are selected using random digit dial methods. Landline respondents are chosen at random within each household on the basis of which member has the next birthday.

Samples are weighted to correct for unequal selection probability, non-response, and double coverage of landline and cell users in the two sampling frames. They are also weighted to match the national demographics of gender, age, race, Hispanic ethnicity, education, region, population density, and phone status (cell phone-only/landline only/both and cell phone mostly). Demographic weighting targets are based on the most recent Current Population Survey figures for the aged 18 and older U.S. population. Phone status targets are based on the most recent National Health Interview Survey. Population density targets are based on the 2020 census. All reported margins of sampling error include the computed design effects for weighting.

In addition to sampling error, question wording and practical difficulties in conducting surveys can introduce error or bias into the findings of public opinion polls. For questions about how this survey was conducted, please contact galluphelp@gallup.com.

21. Next, I'm going to read you a list of issues. Regardless of whether or not you think it should be legal, for each one, please tell me whether you personally believe that in general it is morally acceptable or morally wrong. How about -- [RANDOM ORDER]?

<i>2024 May 1-23</i> <i>(sorted by "morally acceptable")</i>	Morally acceptable	Morally wrong
Birth control	90	6
In-vitro fertilization, or IVF	82	10
Sex between an unmarried man and woman	69	28
Having a baby outside of marriage	68	28
Gambling	66	28
Gay or lesbian relations	64	33
Medical research using stem cells obtained from human embryos	63	29
Buying and wearing clothing made of animal fur	59	37
The death penalty	55	39
Abortion	54	37
Doctor assisted suicide	53	40
Destroying frozen human embryos created by in-vitro fertilization, or IVF	49	43
Medical testing on animals	48	46
Changing one's gender	44	51
Sex between teenagers	43	50
Pornography	38	58
Polygamy, when a married person has more than one spouse at the same time	23	74
Suicide	22	71
Married men and women having an affair	11	86
