-- FINAL TOPLINE --

Timberline: 90937614
GAL 043
Princeton Job #: 25-01-001

February 3-16, 2025

Results are based on telephone interviews conducted February 3-16, 2025, with a random sample of ~~1,004~~—adults, ages 18+, living in all 50 U.S. states and the District of Columbia. For results based on this sample of national adults, the margin of sampling error is ± 4 percentage points at the 95% confidence level.

For results based on the sample of -- 503 -- national adults in Form A and the sample of ~~501~~-- national adults in Form B, the margin of sampling error is ± 6 percentage points.

Interviews are conducted with respondents on landline telephones and cellular phones, with interviews conducted in Spanish for respondents who are primarily Spanish-speaking. Each sample of national adults includes a minimum quota of 80% cell phone respondents and 20% landline respondents, with additional minimum quotas by time zone within region. Landline and cell phone telephone numbers are selected using random digit dial methods. Landline respondents are chosen at random within each household on the basis of which member has the next birthday.

Samples are weighted to correct for unequal selection probability, non-response, and double coverage of landline and cell users in the two sampling frames. They are also weighted to match the national demographics of gender, age, race, Hispanic ethnicity, education, region, population density, and phone status (cell phone-only/landline only/both and cell phone mostly). Demographic weighting targets are based on the most recent Current Population Survey figures for the aged 18 and older U.S. population. Phone status targets are based on the most recent National Health Interview Survey. Population density targets are based on the 2020 census. All reported margins of sampling error include the computed design effects for weighting.

In addition to sampling error, question wording and practical difficulties in conducting surveys can introduce error or bias into the findings of public opinion polls. For questions about how this survey was conducted, please contact galluphelp@gallup.com.

105. Next, I'm going to read a list of possible foreign policy goals that the United States might have. For each one please say whether you think it should be a very important foreign policy goal of the United States, a somewhat important goal, not too important a goal, or not an important goal at all. How about -- [RANDOM ORDER]?

2025 Feb 3-16

(sorted by "very important")

	Very important	Very/Somewhat important
	%	%
Preventing future acts of international terrorism	84	95
Preventing the spread of nuclear weapons/other weapons of mass destruction	83	94
Securing adequate supplies of energy for the U.S.	78	96
Promoting favorable trade policies for the U.S. in foreign markets	67	96
Working with multinational organizations like NATO to protect the security of the U.S. and its allies ^	65	89
Working with organizations like the United Nations to bring about world cooperation ^	62	81
Defending our allies' security	59	92
Helping reduce poverty and disease around the world	58	89
Promoting and defending human rights in other countries	48	81
Helping other countries build democracies	32	73
Promoting economic development in other countries	28	75

^ Asked of a half sample

Q.105 (IMPORTANCE OF FOREIGN POLICY GOALS) CONTINUED

IMPORTANCE OF FOREIGN POLICY GOALS TRENDS

A. Defending our allies' security
